

M2 - Materials science exploring large scale facilities – MaMaSELF (MAT P3)

Structure de
formation
Faculté des
Sciences

Programme

M2S3 MAT P3

Electron Microscopy, Crystallography	6 crédits	
Surface properties M2	3 crédits	
Thermodynamics and defects of solids M2	5 crédits	
Summer School: Large Scale Facilities	7 crédits	72h
Project preparation Master Thesis	3 crédits	
Thin films and extreme conditions M2	3 crédits	
Materials for catalysis M2	3 crédits	

M2S4 MAT P3

Master thesis	30 crédits
